## Careers in Ethical Hacking

“If you are online, you are vulnerable.”

A person with short brown hair, seen from the back, is looking at a wall covered in various design-related items. The wall is a collage of papers, photos, and sketches. Some papers show hand-drawn diagrams, others show photographs of interior spaces or people, and some have handwritten notes. The person is wearing a grey and black striped sweater. The overall scene suggests a creative or design workspace.

**WHAT DOES  
IT TAKE?**
